

BLS LOBARION SURVEY

SITE NAME :					VICE COUNTY :				
SITE STATUS :					GRID REF :				
OWNERSHIP :					MANAGEMENT :				
SURVEYOR/S :					DATE OF SURVEY/S :				

BRIEF SITE DESCRIPTION :

KEY SPECIES : previous records shown in first column, tick those found this time in second column (record details over page); X for those not refound

	Previous	Now		Previous	Now
<i>Collema furfuraceum</i>			<i>Nephroma tangeriense</i>		
<i>Collema nigrescens</i>			<i>Pannaria conoplea</i>		
<i>Collema subflaccidum</i>			<i>Pannaria rubiginosa</i>		
<i>Degelia atlantica</i>			<i>Parmeliella parvula</i>		
<i>Degelia plumbea / cyanoloma</i>			<i>Parmeliella triptophylla</i>		
<i>Fuscopannaria mediterranea</i>			<i>Peltigera collina</i>		
<i>Fuscopannaria sampaiana</i>			<i>Pseudocyphellaria crocata</i>		
<i>Fuscopannaria testacea</i>			<i>Pseudocyphellaria intricata</i>		
<i>Leptogium brebissonii</i>			<i>Pseudocyphellaria lacerata</i>		
<i>Leptogium burgessii</i>			<i>Pseudocyphellaria norvegica</i>		
<i>Leptogium cochleatum</i>			<i>Sticta canariensis</i> s.s.		
<i>Leptogium cyanescens</i>			<i>Sticta canariensis</i> (composite thallus)		
<i>Lobaria amplissima</i>			<i>Sticta canariensis</i> f. <i>dufourii</i>		
<i>Lobaria pulmonaria</i>			<i>Sticta fuliginosa</i>		
<i>Lobaria scrobiculata</i>			<i>Sticta limbata</i>		
<i>Lobaria virens</i>			<i>Sticta sylvatica</i>		
<i>Nephroma laevigatum</i>			<i>Vahliella atlantica</i>		
<i>Nephroma parile</i>			<i>Vahliella leucophaea</i>		

Positive indicators (tick if present);

<i>Agonimia allobata</i>			<i>Mycobilimbia epixanthoides</i>		
<i>Bacidia biatorina</i>			<i>Mycobilimbia pilularis</i>		
<i>Catinaria atropurpurea</i>			<i>Opegrapha corticola</i>		
<i>Dimerella lutea</i>			<i>Pachyphiale carneola</i>		
<i>Leptogium lichenoides</i>			<i>Peltigera horizontalis</i>		
<i>Leptogium teretiusculum</i>			<i>Thelopsis rubella</i>
